## WPS IS A POSITIVE BEHAVIOUR SUPPORT (PBS) SCHOOL

**This Term’s focus behaviours is:  
“We keep trying (We Strive to Be Our Best)”**

At Wundowie Primary School we are dedicated to our whole school Positive Behaviour Program. The school has three overarching school values to follow.

**We are Respectful, We are Responsible, We Strive to Be Our Best**

This approach helps foster a sense of community and shared responsibility among the students. The staff at Wundowie Primary School are not only dedicated to addressing behaviour issues, but also promoting and reinforcing positive behaviours. By using consistent language and a unified approach, the staff ensure that students understand the expectations and know what behaviours are considered respectful, responsible, and striving to be their best.

The acknowledgment and reward system implemented at the school further motivates and reinforces positive behaviour. Students are observed and acknowledged for displaying behaviours that align with the school’s expectations, and they are rewarded accordingly. This helps to create a positive atmosphere and encourages students to continue exhibiting these behaviours.

In addition to the acknowledgment and reward system, whole school and class lessons are conducted to explicitly teach behaviour expectations. This ensures that students have a clear understanding of what is expected of them in terms of behaviour. By teaching these expectations, the staff empower the students to make positive choices and take ownership of their behaviour.
